Subject: Label Amendment – Supplemental label expiration date revision
Product Name: ELIXIR FUNGICIDE
EPA Registration Number: 70506-298
Application Date: 02/17/2016
Decision Number: 514231

Dear Ms. Hutcheson:

The amended supplemental label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes the previously accepted supplemental labeling dated February 3, 2016. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

EPA Reg. No. 70506-298
Decision No. 514231

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance. If you have any questions, you may contact Maryam K. Muhammad at 703-347-0301 or via email at Muhammad.maryam@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to be 'HJ', enclosed in a rectangular box.

Supplemental Label

ELIXIR FUNGICIDE

EPA Reg. No. 70506-298

This supplemental label expires on January 27, 2019 and must not be used or distributed after this date.

DIRECTIONS FOR USE For Onions and Potatoes

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

The supplemental labeling and the entire ELIXIR FUNGICIDE container label, EPA Registration Number 70506-298, must be in the possession of the user at the time of the application. Read the label affixed to the container for ELIXIR FUNGICIDE before applying. Carefully follow all precautionary statements and applicable use directions. Use ELIXIR FUNGICIDE according to this supplemental labeling is subject to the use precautions and limitations imposed by the label affixed to the container for ELIXIR FUNGICIDE.

CROP	DISEASES CONTROLLED	RATE LBS/ACRE	USE DIRECTIONS	RESTRICTIONS
Onion (Dry Bulb), Garlic, Shallots (Furrow Drench)	Botrytis Leaf Blight, Downy Mildew, Neck Rot, Purple Blotch	3.0-3.6 lbs/A	Apply by air, ground, or chemigation. Follow a protective spray schedule starting when diseases are first reported in the area and repeat at 7 day intervals throughout the season.	Do not apply more than 36.0 lbs of product per acre per crop. Do not apply to exposed bulbs. Minimum preharvest interval is 7 days (7 day PHI).
	Smut	3.0-3.6 lbs/A	Apply 3 to 3.6 lbs per acre as a furrow drench at time of planting onion seeds. Use 75 to 125 gallons of water per acre.	Do not apply more than 3.6 lbs of product per acre (29,000 linear feet of furrow) with an 18- inch row spacing.

ACCEPTED

Feb 25, 2016

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 70506-298
